Selecting the Right Hanger

The all-purpose hanger is ideal for a standard suit or mix and match separates but provides limited support for the collar area. The deluxe shaped hanger with its gently rounded corners, extended length and collar support is the ideal hanger to use to maintain the shape and drape of 'important' suit jackets, blazers and sport coats. The notched hanger is designed to accommodate those items which are either susceptible to clip marks or over the bar creases. They are also recommended for items too delicate to be solely supported by the shoulder straps on the garments; in these cases the manufacturer will provide hanging loops to ease the strain on fragile straps. Padded hangers are perfect for fine items- silk tops, lingerie, etc.
